

How to create a booking Widget for your Ibis Style Minisite?

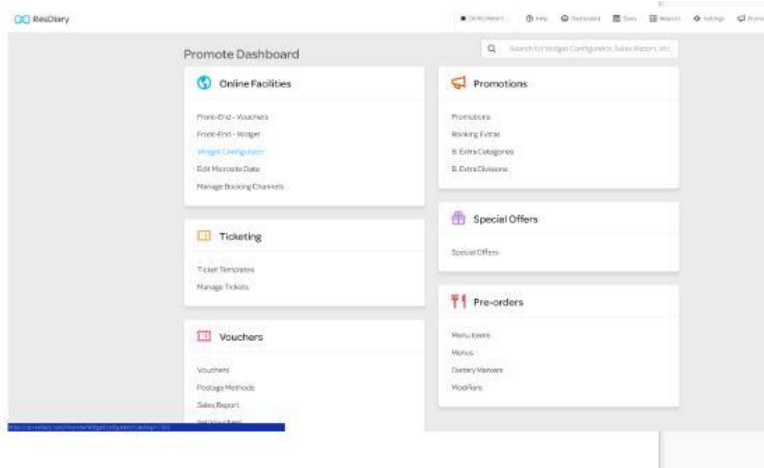

You can see a live example of the final widget [here](#)

NB: All the guide below require a **Manager** access to the diary.

1- Open your diary, go to the **Promote** section

2- Click on **Widget Configurator** in Online Facilities

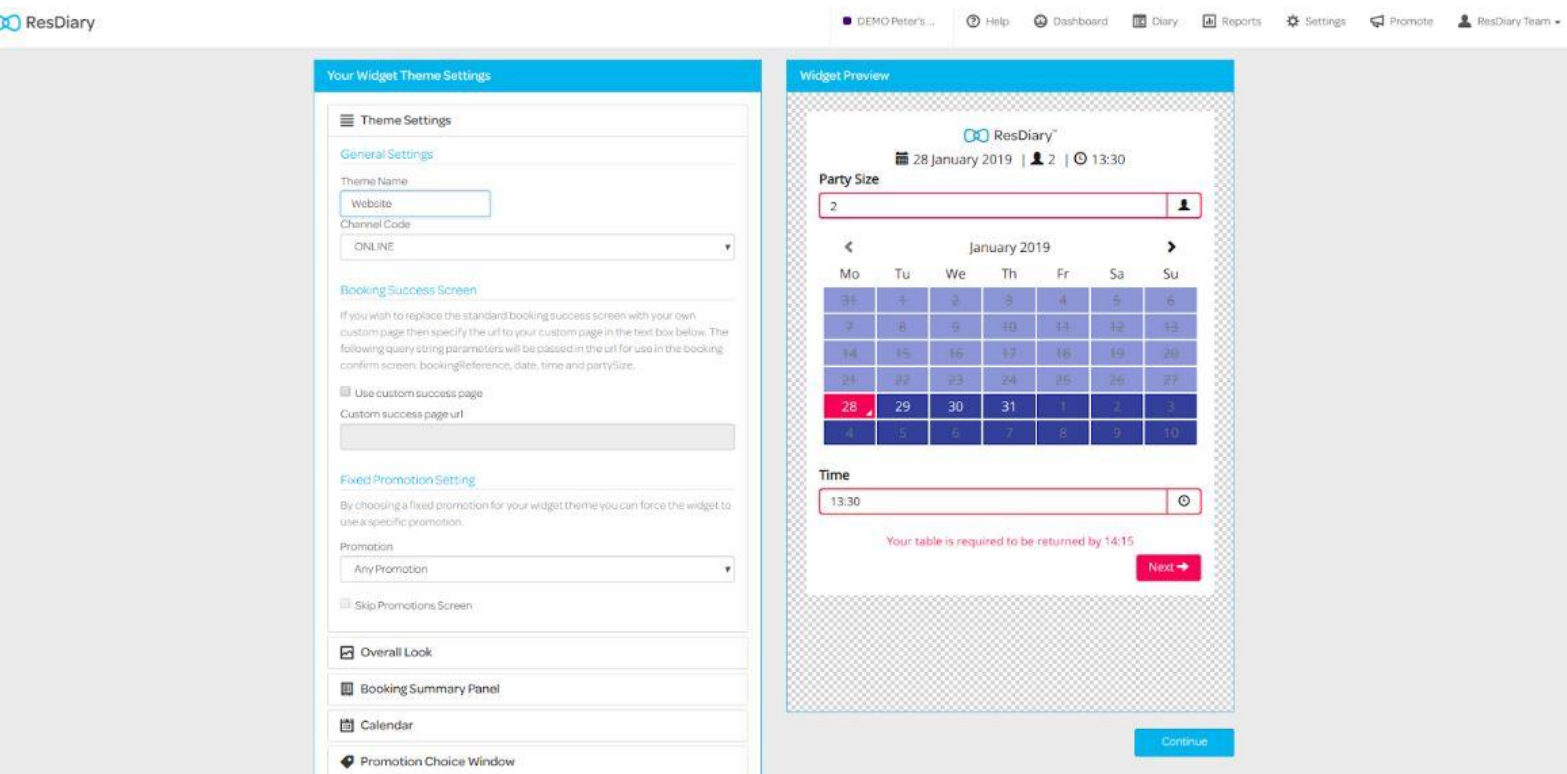

3- Click on **Create New Theme** then Select **'Standard'** widget

4- Rename the New widget **'Website'** to be able to identify it later ; leave the channel to **ONLINE**

5- Edit the ResDiary's widget default template as following :

NB: You can copy and paste the colours codes from this .pdf

How to create a booking Widget for your Ibis Style Minisite?

In order to respect the graphical charter of your brand please apply the colors mentioned below

Overall look

The screenshot shows the 'Your Widget Theme Settings' panel for 'Overall Look'. It includes sections for 'ResDiary Branding' (with logo selection), 'General' (with color pickers for background, text, and return notice, and font selection), 'Button Appearance' (with color pickers for button and font), and a list of other settings like 'Booking Summary Panel', 'Calendar', 'Promotion Choice Window', 'Dropdown and Input Boxes', 'Contact Details Settings', and 'Custom Logo'. A 'Widget Preview' on the right shows a calendar for January 2019 with a booking for 28th at 13:30 for 2 people. A blue arrow points from the 'Overall Look' settings to the 'ResDiary' logo in the preview.

Booking Summary Panel

The screenshot shows the 'Your Widget Theme Settings' panel for 'Booking Summary Panel'. It includes sections for 'Background Colour', 'Text Colour', and 'Border Radius'. Below these are 'Time Slot Options' (with 'Divide Time Slots by Service'), 'Children and Infants Options' (with 'Show Children Option' and 'Show Infants Option'), and 'Area Options' (with 'Allow the diner to specify an area when making a booking' and 'Include an 'Any Area' option in the list of available areas'). Other settings like 'Calendar', 'Promotion Choice Window', 'Dropdown and Input Boxes', 'Contact Details Settings', and 'Custom Logo' are also visible. A 'Widget Preview' on the right is identical to the one above. A blue arrow points from the 'Booking Summary Panel' settings to the 'Next' button in the preview.

Dropdown and Input boxes

The image shows the 'Your Widget Theme Settings' interface. On the left, the 'Dropdown and Input Boxes' section is expanded, showing 'General' settings for background color (#f9f9f9), text color (#4d4d4d), and validation error color (#6AB023). A blue arrow points from the '#6AB023' color selection to the 'Continue' button in the 'Widget Preview' pane on the right. The preview shows a contact form with fields for First Name, Last Name, Mobile Number, and Email Address, along with a comments section and navigation buttons for 'Previous' and 'Next'.

6. Click on **Continue** and select the **Standard** layout

7. Get the code to embed in the website :

Select the link of the widget as per the red square beside (from https to the end of the 4 digits code, excluding '?')

Copy the link and replace instead of **'widgetwidgetwidget'** in the following code :

```
<iframe src="widgetwidgetwidget"
allowtransparency="true" frameborder="0"
style="width:100%; border:none; max-width:
540px; height: 640px; "></iframe>
```

The image shows the 'Export Your Widget' screen. The 'Include jQuery' checkbox is checked. The URL 'https://booking.resdiary.com/widget/Standard/SeasonsRestaurant/6323' is highlighted with a red square. The screen displays the code to be copied and pasted into the website.

8. Integration of generated code

Please send the iframe code to fastbooking support team depending on your region

Asia (WebSupport-Asia@fastbooking.net)

North Europe (WebSupport-France@fastbooking.net)

South Europe (WebSupport-italy@fastbooking.net)

OR

Log in to the your back office

-> go to the restaurant page

-> scroll down until you see the Restaurant Booking Form Options

-> Select Resdiary Widget

-> copy/paste the iframe code

Restaurant booking form options

Enable Restaurant Booking form

Select Restaurant form type

ResDiary widget

Resdiary Widget code

```
<iframe src="https://booking.resdiary.com/widget/Standard/SeasonsRestaurant1/6323" allowtransparency="true"
frameborder="0" style="width:100%; border:none; max-width: 540px; height: 640px; "></iframe>
```

Please paste here the HTML code provided by ResDiary. Only the iFrame URL will be taken into account, any other HTML will be ignored.
