The iconic collection of copper pots and pans is decorated with Tom Dixon lights on the ceiling and draped over the central table. Guests have an insight into the open show kitchen and can observe the preparation of the food at the kitchen counter looking through cleverly positioned ceiling mirrors. Together with selected contemporary photographs by André Rival, the entire interior promises a multisensory experience. Both restaurants, the All-Day-Dining Restaurant The Casual and The Casual+, can be booked exclusively and can be combined to create a space for up to 75 people.

Inspiring creative meetings fit perfectly into our historical and contemporary library. An elegant, original parquet floor, French windows, restored elements and flowing light contrast with Patricia Urquiola's extravagant, comfortably designed seating. This results in libraries over three floors with books by Taschen Verlag on art, architecture, culture and - an ode to the zoo - animals. Arts and crafts, photographs and cajons from Panama fill the third floor with a refreshing splash of colour.

The Stue Bar could almost be interpreted as a laid-back lounge. But its playful, sophisticated interior concept, coupled with pleasant musical sounds, breathtaking views of the zoo and an impressive range of whiskey and vermouth, leaves no doubt that this is a first-class bar.
