## REWARD YOURSELF—YOU’VE EARNED IT

With ALL, you can earn **Reward points** by staying at an Accor hotel, dining at one of our restaurants, and completing transactions or activities with our partners.

You can redeem those points for a wide range of rewards. Cover some or all of your hotel stay, or use them for something that matches your lifestyle, such as travel perks, unique experiences, merchandise, and charitable donations.

Discover all the ways you can use your points at [LimitlessExperiences.Accor.com](https://www.limitlessexperiences.accor.com).

Book your next stay through ALL at [AllNorthAmerica.com/Booking-With-Points](https://www.allnorthamerica.com/Booking-With-Points).

## LET’S GET TO THE POINTS

### How many points will I earn?

During a hotel stay, you’ll earn 25 points per €10 (~CAD\$13)\* spent. As your tier status increases, so will your earn rate! And when you are dining—but not staying—with us, you’ll earn 1 point for every €1 (~CAD\$1.32) spent.

### How much are my points worth?

Every 2,000 Reward points can be redeemed for €40 (~CAD\$53) toward a future stay. With **no blackout dates**, you can use your points however you want, whenever you want. Use a little, use a lot; the choice is yours!

### How can I redeem my points for a hotel stay?

Redeem them when you book a stay, or at any point during your stay, by visiting the hotel’s reception desk.

### Can I earn with any partner brands?

You can convert your Reward points to airline miles and earn points on car rentals through our partners. [Check out our partners and their benefits here.](#)
