
THE SUN AND SPIRIT IN BALANCE

We rise with the sun at dawn; we rest with it at dusk. All through the day, it illuminates Istanbul like nowhere else on Earth, pushing our bodies to play, urging us to explore the streets, trails and beaches.

At Fairmont Spa, we channel this fundamental energy to you through treatments designed to enliven your skin, restore your muscles and soothe your spirit. Here, we unite ancient modalities of movement with sophisticated technologies to transform our awareness of what our bodies can achieve.

We invite you to share this space with us and begin your own story of connection to the glamour of the city and the elemental brilliance of the sun, but most of all, to yourself.

HYDROTHERAPY EXPERIENCES

Steam Room Wellness

This humid, aromatic heat experience is highly beneficial for those that suffer from asthma and bronchitis, as it opens up the breathing passages and alleviates congestion. We recommend that a session last 10-15 minutes and that you keep your body well hydrated afterwards. Humid heat is especially beneficial before or after a massage treatment to increase circulation.

Sauna Wellness

This dry heat soothes and warms the muscles, relieving tension from your body and minimising joint pain. This is especially beneficial for those who suffer from illnesses such as arthritis, painful migraines, and headaches, or as a way of warming the body after an intense workout or treating the common cold. Dry heat is recommended for 10-15 minutes daily and it is important to ensure that your body is kept well hydrated afterwards.

Ice Fountains

After exposure to a hot environment, crushed ice can be applied to limbs gently to selectively cool the body, speed up the body cool down process and dilate the blood vessels to decrease blood pressure.

Experience Showers

Experience showers have a unique variety of multi temperature water sequences, combined with soothing warm and cold jets to relax the body.

Indoor Swimming Pool

Located on Spa (S) floor and bathed in natural light, the indoor pool is the ideal spot for rest and relaxation.
