

Dear guest,

We would like to thank you for choosing the Cour du Corbeau for your next stay in the Alsatian capital.

The city of Strasbourg has undertaken major work to beautify our wharves. This is why the traffic flow has been modified. **We advise you to be vigilant, as your navigation systems may not be up to date.**

To make your visit easier, we would like to send you a map of how to get to the hotel (see below).

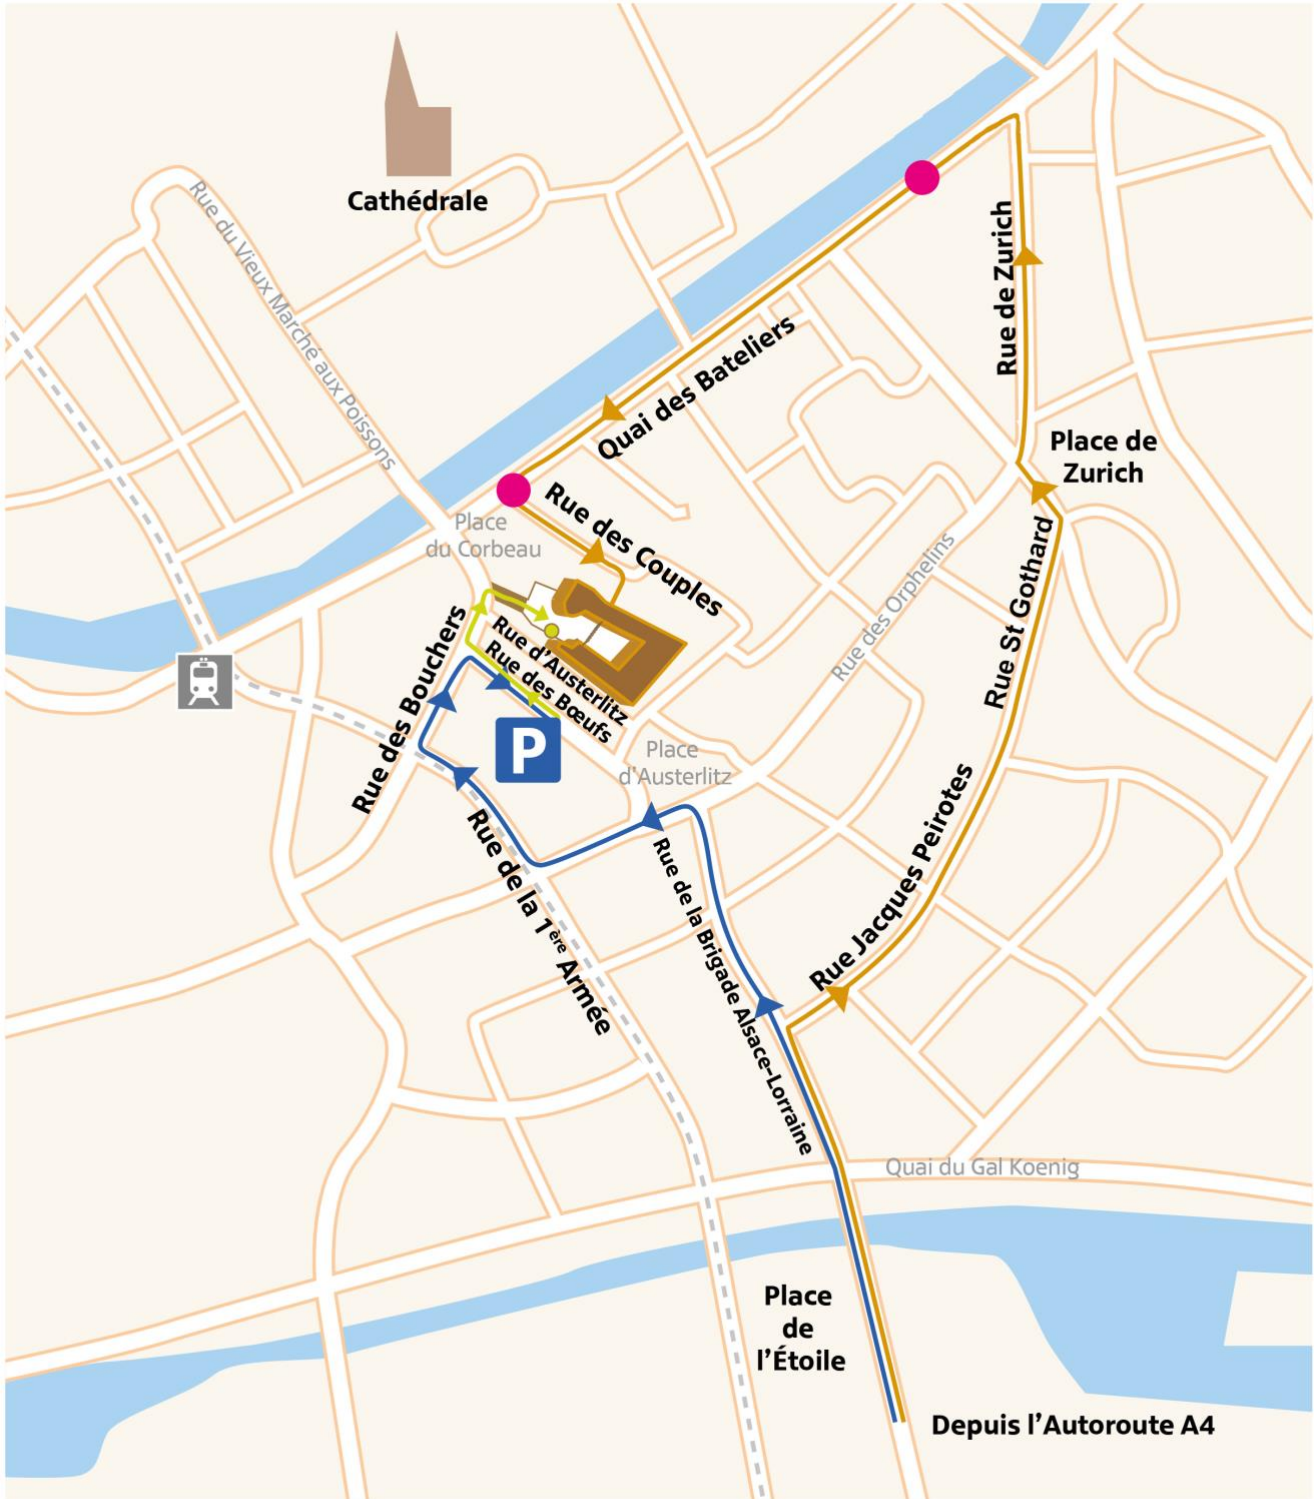

To access the hotel, at the beginning of the rue des couples there is a terminal with an intercom. We invite you to ring the bell and enter the street. Please do not take into account the "Blocked road" signage, this is a two-way road.

The hotel entrance is 50 m further on your right (number 6-8).
Our valet will be at your disposal to unload your luggage and take care of your car.

Feel free to contact the hotel if you have any further questions.

We look forward welcoming you to the Hotel Cour du Corbeau.
