24 July 2019

Dear residents and entrepreneurs,

The municipality will start work on Phase 4 of the refurbishment of Vestdijk on Monday 5 August: from the intersection with Ten Hagestraat/Kanaalstraat up to the River Dommel. The work will take place in two phases: 4A and 4B. Phase 4A will take place on the section to halfway across the T-junction with the Oude Stadsgracht. The work area and accessibility of the Vestdijk and immediate vicinity during Phase 4A are indicated on the enclosed map. Yellow street signs indicate the diversions. Work on Phase 4A will be completed by the end of October. The whole of Phase 4 will be completed by the end of November. All dates mentioned are dependent on factors such as weather and other unforeseen circumstances. We are carrying out the work in phases in order to safeguard the accessibility of the area as well as possible.

Works

The works will consist of replacing cables and pipes, remediation work, installing water-harvesting foundations, paving and asphaltting, planting greenery and placing street lighting and furniture. Archaeological and explosives studies will also be carried out. We will be fencing off the work area for safety reasons.

Work on Breitnerstraat, Lucas Gasselstraat and Dirk Boutslaan

We are also currently carrying out work in Breitnerstraat, Lucas Gasselstraat and Dirk Boutslaan. As a result, the 'city out' route by way of the Kanaalroute will not be possible until the autumn. The 'city in' route by way of Kanaaldijk-Zuid is again possible, because the work there will be completed by 5 August. You will find more information about this work at eindhoven.nl/projecten.

Accessibility city centre

From 5 August, the city centre will no longer be accessible from the south by way of Hertogstraat and Geldropseweg. The city centre and Heuvel parking garage will be accessible by way of the Kanaal route

EINDHOVEN

(Kanaaldijk-Zuid and Kanaalstraat) and from the north/station. by way of the Vestdijk. Heuvel parking garage can be exited by way of the Vestdijk in the direction of the station, then either Kanaalstraat – Kanaaldijk-Zuid – Tongelresestraat or Kanaalstraat – Bleekstraat – Vestdijk – Hertogstraat.

Accessibility Vestdijk and Oude Stadsgracht/Medina parking garage

- Kleine Bleekstraat and Oude Stadsgracht (including Medina parking garage) will remain accessible from Bleekweg and Bleekstraat.
- The Vestdijk will be closed in one direction between Geldropseweg and Bleekweg/ Bleekstraat in order to avoid traffic nuisance. The other direction, from Bleekweg/Bleekstraat, will remain open.
- The Colonnade entrance of Medina parking garage (on the Vestdijk at the Vesteda tower) will be closed during Phase 4A. The only available entrance will be by way of Oude Stadsgracht.
- There is always a pedestrian lane available, so that shops and businesses remain accessible.
- Through bike traffic will be diverted at the work area.

More information

If you have any questions or would like more information, please get in touch with Frank Volleberg, the municipality's works coordinator either by phone on 06 22 48 59 03 or email to f.volleberg@eindhoven.nl or with Maikel Ruijs of contractors firm Strabag B.V. either by phone on 06 14 30 96 75 or email to maikel.ruijs@strabag.com.

You will also find more background and information about subjects such as the traffic situation, accessibility and bus diversion on the project site eindhoven.nl/vestdijk. Or you can use the 'Strabag omgevingsapp' for more information or answers to any questions you may have.

Kind regards,

Hans van Osch
Project manager
