At INK Hotel Amsterdam

## VALENTINE'S DAY AT INK HOTEL AMSTERDAM

Once upon a time, our building was the home of Dutch newspaper 'De Tijd'. It was a place where stories were conceived, written and brought to life in ink. With a history like that, it's no surprise we are all about writing stories. It's in our DNA.

During Valentine's, INK Hotel will turn into the ultimate romantic get away for your own love stories to be written.
