# FESTIVE SEASON AT INK HOTEL AMSTERDAM

Once upon a time, our building was the home of Dutch newspaper 'De Tijd'.

It was a place where stories were conceived, written and brought to life in ink. With a history like that, it's no surprise we are all about writing stories.

It's in our DNA. During the holiday season, INK Hotel will transform into a warm and vibrant place-to-be, where festive stories are yet to be written.
