

Environmental and Health Safety Policy

We at Mercure Dubai Barsha Heights Hotel Suites & Apartments are committed to the protection of environment, occupational health, and safety of our guests and employees. We are conscious of our responsibility towards creating, maintaining, and ensuring a safe and clean environment and safe work practices for sustainable development.

We are committed to:

- Complying with environmental health, safety laws and regulations with additional measures considered necessary.
- Following scientific approach to the environmental health and safety management plan and safe work practices in order to achieve continual performance improvement.
- Preventing pollution, reduction of waste, discharges and emissions.
- Adopting safe work practices in order to eliminate, reduce or control OH&S risks.
- Promote awareness among all our associates for shared responsibility towards environment protection, occupational health and safety of employees.
- Policy availability to the public.
