MYBLEND

BESPOKE SYNERGISTIC TREATMENTS

A perfect balance of complementary expertise to go beyond traditional cosmetics, guarantee exceptional results for your skin, and restore a sense of well-being.

Our specialist techniques combined with the power of non-invasive technology: LEDs, radiofrequency, micro-currents and temperature variations all deeply stimulate the skin's natural mechanisms for regeneration.

To best meet your needs, our treatments are based on a digital diagnosis of your skin and an in-depth discussion with our experts. The products and technology are selected just for you, the techniques are suitable for how your skin is feeling, and the treatment length depends on how much time is available to you.

CLARINS

CLARINS TREATMENTS

How? By distilling sixty-five years of professional experience into every single treatment. This unique treatment makes it possible to disconnect from the outside world and gain a sense of balance once again. Clarins expert "Ayuroma Touch" combined with the power of plants and Clarins oils, invites you to escape and let go. Experience deep and complete relaxation thanks to a face and scalp massage. You will not only feel the treatment's benefits, but you will see them as well: your skin feels softer and looks more beautiful.

YOUTH EXPERT 1h

After a thorough skin diagnosis, this personalized treatment adapts to your skin's needs and the beauty results you are looking for: from stressed skin to skin that lacks firmness, and skin weakened by hormonal changes. Regardless of one's age, this treatment visibly reduces the look of first lines and those that have settled in, and also smoothes features and promotes a refreshed look. Your skin is firmer, better toned, your complexion looks more luminous.

POWER HYDRATOR 1h

This treatment pampers dry, fragile skin and is ideal for restoring firmness, softness and radiance. Fine lines caused by dehydration are smoothed out and tight-feeling skin is soothed. You'll regain supple skin that feels nice to the touch.

CLEAR SKIN REFINER 1h

This detoxifying treatment is the perfect ally of combination or oily skin that needs to be rebalanced. Impurities are gently removed; skin shine is reduced and pores are tightened. Your skin looks clear, fresh and healthy.

ENERGIZING FACIAL FOR MEN 1h

Take a break! This energizing treatment was specially developed for men's skin which is subject to external aggressions and irritation caused by shaving. It purifies, hydrates and reduces the appearance of wrinkles and dark undereye circles while energizing the skin. It is a complete treatment that promotes a deep feeling of well-being, instantly. You'll look rested, relaxed and completely refreshed.
